Mr. Cai,

Please find the attached copy of the requested page from the specification. Our hard copy in the file includes this page, thereby indicating that the page was most likely sent with the rest of the application. Further, the returned postcard indicates that the filed application included twenty-four pages of specification. If you have any questions, please call me at (214) 855-7115.

Thanks,

Thomas Kelton

yet portable, inventory, such as laptop computers and other electronic equipment, may be located, tracked, and/or inventoried automatically using embodiments of the present invention.

[0084] Although the present invention and its advantages have been described in detail, it should be understood that various changes, substitutions and alterations can be made herein without departing from the invention as defined by the appended claims. Moreover, the scope of the present application is not intended to be limited to the particular embodiments of the process, machine, manufacture, composition of matter, means, methods and steps described in the specification. As one will readily appreciate from the disclosure, processes, machines, manufacture, compositions of matter, means, methods, or steps, presently existing or later to be developed that perform substantially the same function or achieve substantially the same result as the corresponding embodiments described herein may be utilized. Accordingly, the appended claims are intended to include within their scope such processes, machines, manufacture, compositions of matter, means, methods, or steps.
